

#### From Antwerp:

On the Ring around Antwerp, take the Boom-Brussels exit (via A12).  
Via Aartselaar follow the A12 until the Boom-Willebroek North exit (approx. 15 km).  
At the end of this exit, turn left (N177) in the direction of Boom-Willebroek.  
At the traffic lights drive straight on through, over the bridge that goes over the Rupel river. You come to a roundabout where you take the 2<sup>nd</sup> exit (Z1, Willebroek), after which you then drive over the blue canal bridge. Immediately after this bridge, turn to the right (turning left is prohibited!) and follow the arrow to Willebroek (windmill corner).  
Continue to the end of the road (the canal), where you turn right once again.  
Drive under the bridge and continue on this road (Boomsesteenweg N149) alongside the canal. 400 metres farther on you will see the grounds of the Indaver Recycling facility on your right.

#### From Brussels:

On the Ring around Brussels, take the Boom-Antwerp exit (via A12).  
Past Breendonk, in the direction of Willebroek, after about 10 km take the exit Willebroek Canal Zone Z1-Puurs 600-799.  
Follow the exit until the roundabout, where you take the 3<sup>rd</sup> exit = Hoeikensstraat (Autokeuring).  
Drive to the very end of Hoeikensstraat (the canal), where you turn right.  
150 metres farther on this road (Boomsesteenweg N149) you will find the grounds of the Indaver Recycling facility on your right.
